**REQUEST FOR CORRECTION
OF ISSUED PATENT PURSUANT TO 35 U.S.C. § 254**

Commissioner for Patents
P.O. Box 1450
Alexandria VA, 22313-1450

Attn: Certificates of Correction Branch

Sir:

Applicants hereby request pursuant to 35 U.S.C. § 254 and 37 C.F.R. § 1.322 that a Certificate of Correction be issued in the above referenced issued U.S. Patent. Enclosed are two originals of the form PTO-1050 setting forth the requested corrections.

This first correction adds the name of "Lyle Breiner" as an inventor on the front page of the patent. Such correction is warranted, and is the Office's mistake, because applicant duly filed (and the Office acknowledged receipt of) Applicant's "Request to Add Inadvertently Omitted Inventor Pursuant to 37 CFR 1.48" (filed November 21, 2003; copy attached). As these papers were sufficient to correct inventorship, it was error for the Office to have not acknowledged Mr. Breiner as an inventor when printing the patent.

The other correction pertains to errors in claims 104-112 in the patent as issued, and specifically corrects the dependency recited in the claims. These claims correspond to

application claims 156-164, and these claims as allowed were entered in a "Response to Office Action Dated April 5, 2005" via Express Mail (tracking no. EV697139236US) filed July 5, 2005 (relevant portions attached, along with postcard acknowledging Office receipt). As that Response shows, application claims 156-164 depended on claim 150, which corresponds to issued claim 98, which is the correction Applicant makes herein.

As these mistakes are believed to be PTO error, it is believed that no fee is due in connection with this request for correction. However, should any fee be deemed necessary, this Office is authorized to deduct any appropriate fees from Deposit Account No. 501922 referencing attorney docket number 102-0072US-4.

The Applicant requests the Examiner to contact the undersigned with any questions related to this filing.

Respectfully submitted,
